

WHAT IS ENCOUNTER 924?

Encounter 924 is an 8 week experiential leadership development course held each summer at Idyllwild Pines Camp. Encounter is designed to help young Christians (high school seniors and up) successfully transition towards significant impact in their future.

Some of the ways Encounter participants benefit: develop a proven framework for leading, prepare for a career of impact, learn the skills you will need to successfully navigate the college experience, plan your transition to independence, and strengthen the foundations of your faith.

In a world where, so often, we are dissatisfied with leaders, Encounter 924 focuses on helping students practice intentional skills that will enable them to be better in every aspect of life. We want you to understand how your skills fit together and help you succeed in this world!

WHAT DO I DO IN ENCOUNTER 924?

You will be participating in every aspect of camp life; living together in community! You will work in ministry with the camp staff and Encounter cohort, and will have a one on one coach throughout the summer to encourage your own personal development.

Learning to live and lead intentionally is at the core of everything we do in Encounter 924!
